The Haitian Health Foundation (HHF) is a humanitarian organization serving over 200,000 of the poorest people in rural Jeremie, Haiti and over 100 neighboring mountain villages. The Foundation's mission is to provide health care, development, and the hope of a future to the sick and the impoverished, with a focus on women and children. HHF operates an outpatient clinic, a public health outreach program, and specialized facilities for treating severely malnourished children and women in high-risk pregnancies. Support is given to community development and self-help programs, including the building of new housing, latrines, active feeding programs and the training of local village health agents.

Each year, in February, members of the Order of Malta travel to Jeremie to assist in a variety of projects. Volunteers receive on-site training. If you are interested in joining a pilgrimage to Haiti, contact Hap Redgate.

Volunteer opportunities also exist with fundraising and "Tuna/Spam/Soap Drives." The Haitian Health Foundation staff is ready to assist you with any fundraising efforts.

To learn more about these projects and the Haitian Health Foundation, visit [www.haitianhealthfoundation.org](http://www.haitianhealthfoundation.org).

## Wish List

You can help by contributing to one of the following special projects:
